

MEETING MINUTES

PSSC

SEPT. 22, 2026

TIME: 6:30 PM

IN ATTENDANCE:

Jeff Johnston (principal), Christy Hoyt (staff),
Misty Gervais (chair), Jennie Fisher, Vicki
Kierstead, Cindy Totton.

APPROVAL OF MINUTES & AGENDA:

Meeting called to order.
First meeting of the year, no minutes
for review.

NEXT MEETING:

PRINCIPAL'S REPORT:

[School Improvement Plan](#) update: Our staff undertook a "refresh" of the S.I.P. with increased focus on literacy, numeracy, and school climate/wellness. We have been working on a number of initiatives to imbed numeracy in the daily operations of our school. For instance, teachers have collaborated to have a rotation of math games on the announcements each morning, with each grade-level taking ownership of a day of the week. Other strategies are being implemented in support of the new [Provincial Education Plan](#).

Under the heading of "School Climate" we are continuing our work as a PBIS school. I reviewed our "PBIS Matrix" with the committee. There were questions about the "what then?" if students don't comply with expectations. This discussion occupied most of our remaining time before the Home and School meeting was set to begin.

Dairy Farmers NB will bring their milkable cow statue "Moo-nique" to AES on Oct.21.

Kitchen renovations are still not complete. Jeff will reach out to facilities to see whether we can secure an electrician and plumber from the community (Follow-up: Blair Dickson approved contracting Jason Fisher and Chuck Gaunce to do the electrical and plumbing, respectively. Work was completed October 15, and the kitchen was used to serve breakfast October 19. Once the cupboards have been painted, we will reach out to Laura Hamper to have the kitchen inspected.)
